Tama County Board of Supervisors - Weekly Engineer's Office Report

March 17th, 2025

This last Wednesday started contract rock hauling. They should be close to finishing up this week.

We've been hauling rock on P Avenue and F Avenue this week as well. Once the contract rock is done in Garrison Quarry, we will move back to working on the applying rock just west of Clutier.

We replaced a culvert last week on R Avenue between 190th and 195th St.

I have Final Plans for E66 for the board to sign. This will be to pave E66 from Hwy 30 to Bridge just West of Hwy 21. Bids for this project won't be until June. I anticipate this project either starting early fall or next spring depending on the contractors' availability.
